Preparation 4 Adventure

This past March and April have been a blur. With two trips to Fort Yukon, a Winter Xtreme youth camp, and planning for a busy Summer in Oregon, these months have flown past.

U.S. MISSIONS

GETTING READY FOR OREGON

As we approached the beginning of April, we knew that we were going to be heading down to Anchorage in the middle of the month for the district leadership meetings and that we were going right to Oregon from there. So, there was a lot of preparations to do, since we won't be back in AK until the end of the Summer.

"...to dwell in the house of the Lord all the days of my life..."

What does this verse mean? Does it mean that we spend all of our time in the local church building? Or is it something deeper?

As we travel, we spend time in hotels, guest rooms, friend's houses, etc, but we are always

"dwelling" somewhere new. It is so important for us to recognize that the "house of the Lord" is wherever we choose to stop our business and welcome Him to spend time with us. Remember, He desires to dwell (live, spend time) in our hearts. On the road, God has been teaching us to take time to clear the clutter of our hearts and dwell with Him.

THIS MONTH, IN OREGON!

We have been so blessed by many pastors and missions directors, here in Oregon. We will be spending the Summer traveling to churches in and around the Salem/Portland area. It's so exciting to have so many people interested in what God has called us to do. We have been looking forward to this month with great anticipation!

Please be in prayer for us as we share the vision and build our support team. **We are in need of \$7,100 a month in Faith Promises before we reach the requires 100% budget that we need to go back to Fort Yukon.** This budget includes our living expenses, salary, and work expenses to accomplish the mission before us. It seems like allot, but we know God has called us and we have see Him provide much more than this to accomplish His will.

Help us spread the word! Share **Mission:Alaska** with your friends and family. Help us reach the Yukon Flats with the Life, Freedom, and Hope of Jesus Christ!
